

# Nathan Michael Allen

Recording Engineer, Producer, Photographer  
prodnathanallen@gmail.com, www.nathanallen.cc, resume

## SUMMARY

My craft is engineering and producing records. I'm a technical person. I have studied analog electronics, information technology, and I have worked as a studio repair technician.

## EXPERIENCE

### **HUM DRUM PRESS, Producer, Engineer**

Hum Drum Press is a record label with the mission of connecting people with ideas to the people with the tools to act on them. It is a community-first organization. With Hum Drum Press, I have production and engineering credits. I've photographed the label artists, and my photographs make up significant marketing content for the organization.

*Fall 2023 - Present*

### **FIRST CHRISTIAN CHURCH, Director of Online Worship**

As Director of Online Worship at FCC Bloomington, I am directing the service livestream, managing PTZ cameras, networked video and audio, and leading volunteers who operate the mixing console.

*Spring 2024 - Fall 2025*

### **INDIANA UNIVERSITY, Marketing Videographer/Photographer**

I worked as a videographer/photographer for the Recreation Sports department of the office of Student Life at IU. There, I produced photo galleries of athletic events, and videos of students engaging with Rec Sports.

*Fall 2023 - Spring 2024*

### **FIRST PRESBYTERIAN CHURCH Bloomington, A/V Technician**

At First Presbyterian Church of Bloomington, I was responsible for mixing, operating PTZ cameras, directing the video, and triggering slides for livestream captions.

*Summer 2023*

### **CONSTELLATION STAGE AND SCREEN, Head Audio Engineer**

During my Summer at Constellation, I mixed and engineered two shows; each contract was approximately 100 hours. I was responsible for maintaining the audio system, microphones, setting up, and mixing each live performance.

*Summer 2023*

### **SWEETWATER SOUND, Sales Engineer**

At Sweetwater, I made solutions-based sales as opposed to product-centric sales; specializing in pro audio, home recording, etc. I designed store displays in recording, live sound, instruments, for the Music Store at Sweetwater's corporate headquarters in Fort Wayne, IN. I conducted research to automate the display item allocations and physical placements in the store based on customer product interests and trends.

*Fall 2021 - Fall 2022*

## EDUCATION

### **BACHELOR OF SCIENCE, INDIANA UNIVERSITY JACOBS SCHOOL OF MUSIC**

Majoring in Audio Engineering

with a Concentration in Information Technology, Luddy School of Informatics

and a certificate in Analog Electronics
